Via USPS Express Mail

Christian Lenz Cesar
P.O. Box 642
Shrub Oak, NY 10588

Dear Mr. Cesar:

Thank you very much for sending me your post office address. Please change the residence city on the enclosed Declaration and Assignment, and initial and date the change, if Shrub Oak is not your residence city.

The Assignment does not need to be notarized unless it is very convenient to do so, since this can be taken care of later, and the due date is quite close.

Please return the signed Declaration and Assignment to me in the enclosed express mail envelope. The postage will be charged to my express mail account by the Post Office.

I attach a print of my e-mail to you of September 19, 2003 7:04 PM in case it was not received. Enclosed is a copy of the Write Broadcast continuation-in-part application, and a copy of a corrected filing receipt which shows, (underlined by me) the cross reference to the RFID Tag Group Select US patent 5,673,037, copy enclosed.

Sincerely,

John H. (Jack) Sherman
